

Project Title:
Schofield road upgrade

Client:
OHL/Antqip

Category:
Project Management

Location:
Sydney
NSW 2000

Project Description

CARAS provided cost estimation for the earthworks package tender and on site supervision on the earthworks delivery for stage 1 of the Schofields road upgrade in North West Sydney. CARAS's role on the upgrade included budget estimating and project managing earthworks in accordance with the Road and Maritime Services specifications. CARAS were able to ensure that the project was kept on schedule and on budget.

Services Provided

- Estimating costs in tender
- Administration of the construction contract
- Assessing variations claims in accordance with the contract document
- Management the construction program
